To: Street's, Sidewalks and Light's Committee Meeting

09/24/2024

From: Brian Zimmerman/Chair

Subject: DISCUSS PROPOSAL FOR BANNERS ON MINERAL AND CALIFORNIA AVENUE.

Below is a summary of the discussion from our September 24th meeting at noon.

Present were committee members Brian Zimmerman, Kristin Smith, and Gail Burger. From the public were Sam Sikes, Janelle Kimberlin and Daryl Orr. Justin Williams from the street department was present as well.

The meeting was opened up for discussion on what and how to proceed forward with the banners and brackets on Mineral and California Avenues. The committee had some discussions of what do we want and what we don't want to happen with these.

Opened the floor up to public comment. Sam Sikes brought up that the city does not have a bucket truck to help out on with hanging and changing them out. Sam also gave some of his idea's as to what he would like to see done with the banners. Promoting of the City of Libby, Welcome, area events displayed, and community being the soul for them.

Janelle Kimberlin then spoke about her thoughts and ideas for them as well as how to store them for seasonal conditions. Working with other community groups to help promote and take on some of the leg work as well was discussed. Chamber/City/Rotary/Etc.. There are a total of 45 brackets.

Justin Williams talked about how the banners, wreaths, and senior pictures have been and could be taking care of with help from other businesses and groups as well as the storage of them.

Daryl Orr talked about procedures and policies, as well as how he thought the agenda was lacking information for the public.

I then read an email that we received from our city engineer about the possibilities of safety concerns on 4th street and Mineral ave. After reading it out load we had some brief discussions with both committee and public. We will have another meeting to address this issue as well as the banners/brackets in October.

Meeting adjourned.
